NEW NH 101 WESTBOUND RAMPS TO OPEN IN BEDFORD
EXISTING WESTBOUND ON RAMP AT MACY'S TO BE CLOSED

The New Hampshire Department of Transportation announces the anticipated opening of the new NH Route 101 westbound on and off ramps at Kilton Road in Bedford.

These new ramps scheduled to be open in advance of the permanent closing of the westbound on ramp at the Macy's intersection on Saturday, June 4, 2005, weather permitting. Following the change, all traffic seeking to access Route 101 westbound from US Route 3 (South River Road) in the area of Macy's and the Bedford Mall will take the new on ramp at Kilton Road.

This work is part of a \$22 million project that includes the reconstruction of the I-293/NH 101/US 3 interchange and the replacement of the NH 101 eastbound and westbound bridges over US 3 in Bedford. R.S. Audley Construction, of Bow, New Hampshire is the general contractor for the project, which has a final completion date of June 2006.
